

The MiStar Administrator maintains the official name and address for all students. This information is taken from your birth certificate during registration. Your name will appear on the diploma in the same format as you see on Student/Parent Portal (generally, first name, middle name, last name). Middle names are not controlled, therefore you can add, remove, or abbreviate the middle name on your diploma. After reviewing the Student/Parent Portal, if you would like your middle name to be printed differently on your diploma email Rachaelwright@hartlandschools.us. Please put the Middle Name Correction in the subject line.
